Risk Warning and Liability Waiver

Risk Warning

The Domain Soccer League Incorporated (“**DSL**”) organises and administers an annual football competition in the Domain (“**the Competition**”), involving many players, coaches, spectators and referees (“**Participants**”).

The DSL expects all Participants in the Competition to take responsibility for their own safety by observing instructions, rules and guidelines, by wearing compulsory safety equipment when applicable and by behaving in a safe and responsible manner towards other Participants, officials, property and grounds, throughout every year in which the Participant participates in the Competition.

Participation in the Competition, is a dangerous recreational activity and there is a risk that Participants may be injured and suffer loss (including financial loss) and damage as a result of their participation in the Competition, whether at training or during or around scheduled games.

Injury can occur while a Participant is engaging in, watching or officiating at a game, warming up or down, travelling to and from the grounds, or preparing or training for a game. The injury may result from the Participant’s actions, the actions of others or equipment failure. Injury may also result from the equipment requirements mandated by the operator of the grounds on which the Competition takes place, such as the types of footwear permitted to be worn during the Competition.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In rare cases the injury can be life threatening or result in permanent disability. If a Participant has a pre-existing injury, participation could result in an exacerbation of that injury.

Participants could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.

I, _____, of _____(*club name*) acknowledge that I have read the risk warning set out above and understand the risks involved in participation in my Competition throughout this year and in the future.
