7. A party who considers that compliance with this Practice Note will not be

possible, or will not be conducive to the just, quick and cheap disposal of the proceedings, may apply to be relieved from compliance on the basis that an alternative proposed regime will be more conducive to such disposal.

Pleadings and Entry in the Lists

8. A matter in the Lists shall be commenced in the general form of Summons prescribed under the UCPR. There is to be filed with the Summons a List Statement, for the Commercial List a “Commercial List Statement” and for the Technology and Construction List a “Technology and Construction List Statement”, setting out, in summary form, in the form of Annexure 1:

- 8.5 a statement as to whether the parties have attempted to mediate **and** whether the plaintiff is willing to proceed to mediation at an appropriate time.

9. The plaintiff's contentions should:

- 9.1 avoid formality

- 9.3 identify the legal grounds for the relief claimed.

10. A defendant shall file and serve a List Response, in the Commercial List a “Commercial List Response” or in the Technology and Construction List a “Technology and Construction List Response”, setting out, in summary form in the form of Annexure 1:

- 11.4 identify the legal grounds for opposition to the relief claimed in the Summons.

12. Any Cross-Claim shall be made in the general form of Cross-Summons prescribed under the UCPR. There is to be filed and served with any Cross-Summons a List Cross-Claim Statement, in the Commercial List a

“Commercial List Cross-Claim Statement” or, in the Technology and Construction List a “Technology and Construction List Cross-Claim Statement” setting out the matters listed in paragraphs 8 and 9 above in the form of Annexure 1.

13. A Cross-Defendant shall file and serve a List Cross-Claim Response, in the Commercial List a “Commercial List Cross-Claim Response” or, in the Technology and Construction List, a “Technology and Construction List Cross-Claim Response” setting out the matters listed in paragraphs 10 and 11 above in the form of Annexure 1.

14. At the time of service of any Cross-Summons the Cross-Claimant is to serve on the Cross-Defendant copies of the Summons and any other Cross-Summons together with any relevant List Statement and List Response and any List Cross-Claim Statement and List Cross-Claim Response that have been served on or by the Cross-Claimant.

15. Any party moving for an order for entry of any proceedings in either of the Lists shall move by Notice of Motion at the earliest possible time and shall file and serve with the Notice of Motion a relevant List Statement or List Response.

16. Any motion for an order for entry of proceedings in either of the Lists shall be made returnable before the List Judge on a Friday.

17. For ease of reference all List Statements and Responses (including in relation to Cross-Claims) must include a Front Sheet identifying the names of the parties and their designation as plaintiff or defendant or Cross-Claimant or Cross-Defendant. This paragraph does not apply to a Summons or Cross-Summons.

Removal from the Lists

18. Upon an order being made removing proceedings from either of the Lists and subject to paragraph 19, this Practice Note shall not apply to the proceedings from the making of that order.

19. The Court may direct that this Practice Note shall continue to apply to the proceedings to the extent stated in the direction.

20. The making of an order removing proceedings from either of the Lists shall not affect any orders made or directions given prior to such removal.

Motions and Directions

21. All proceedings in the Lists are case managed by the List Judge with the aim of ensuring a speedy resolution of the real issues between the parties. The Lists are administered in Court on Friday of each week. Motions are listed at 9.15 am and are called through for the purpose of ascertaining the length of the hearing and allocating a time for hearing on that or some other day. Directions in the Commercial List commence at 9.45am and directions in the Technology and Construction List commence at 12 noon. The times for the

commencement of the Motions and Directions hearings may change and Practitioners should always check the daily court lists as published prior to attendance at Court on a Friday.

22. The Court's expectation of Practitioners appearing in the Lists includes that:

22.1 careful review of the case will be made as early as practicable for the purpose of informing the Court of its suitability for mediation, for reference out of all or some of the issues, and/or for the use of a single expert, or a Court Appointed Expert or the use of an appropriate concurrent evidence process

22.2 at the time the matter is set down for hearing trial counsel will provide to the Court: (1) a considered opinion of the realistic estimate of the time required for trial; and (2) the allocation of time for their client's evidence and submissions in the stopwatch system for trial

22.3 agreement will be reached on a timetable for the preparation of matters for trial and/or reference and/or mediation and Consent Orders will be handed up during the directions hearing

22.4 if there is slippage in an agreed timetable, further agreement will be reached without the need for the intervention of the Court and

22.5 requests for Court intervention in relation to timetabling will only be sought rarely when, for good reason, agreement has proved to be impossible.

23. To facilitate the just, quick and cheap resolution of matters Consent Orders will be made by the List Judge in Chambers on days other than Friday by application in writing to the List Judge's Associate. When Consent Orders are to be made either in Chambers or in Court varying a timetable, it is imperative that those Orders include the vacation of any date for directions hearings or the hearing of Motions that the parties no longer wish to maintain. If the proceedings settle, it is necessary to have the List Judge make Orders finalising the litigation, rather than filing Terms or Orders with the Registry. Those Orders may also be made by consent in Chambers.

24. The Lists close at 12 noon on Thursday. Any application to add a matter to the List or remove a matter from the List must be made prior to 12 noon on Thursday. Such applications are to be made in writing to the List Judge's Associate.

25. At the first and/or subsequent directions hearings orders will be made and directions given with a view to the just, quick and cheap disposal of the proceedings. The orders or directions may relate to:

25.1 the filing of a Summons, List Statements, List Responses or other documents

25.2 the filing of a Cross-Summons, List Cross-Claim Statements or Responses

25.3 the filing of a statement of agreed issues and the result in the proceedings according to the determination of those issues

25.4 the provision of any essential further particulars that are not contained in the List Statements or Responses

- 25.5 the making of admissions, pursuant to a notice to admit facts or otherwise
- 25.6 the appointment of a single expert or a Court Appointed Expert
- 25.7 the holding of conferences of experts including with a view to providing joint reports and/or agendas for use in the concurrent evidence method at trial
- 25.8 the filing of lists of documents either generally or with respect to specific matters
- 25.9 the preparation of a Scott Schedule
- 25.10 the provision of copies of documents
- 25.11 the administration and answering of interrogatories either generally or with respect to specific matters
- 25.12 the service and/or filing of affidavits or statements of evidence by a specified date or dates
- 25.13 the reference to a referee for inquiry and report of the whole of the proceedings or any question arising therein and
- 25.14 the obtaining of the assistance of any person specially qualified to advise on any matter arising in the proceedings.

26. Orders or directions relating to the provision of particulars, the filing of lists of documents and the administration of interrogatories will be made only upon proof of necessity.

Discovery

27. The Court endorses a flexible rather than prescriptive approach to discovery to facilitate the making of orders to best suit each case.

28. Subject to an order of the Court or unless otherwise agreed between the parties, discovery of electronically stored documents and information is to be made electronically. Discoverable documents and information that are not stored electronically should only be discovered electronically if it is more cost effective to do so.

29. Practitioners must advise their opponents at an early stage of the proceedings of potentially discoverable electronically stored information and meet to agree upon matters including:

29.1 the format of the electronic database for the electronic discovery

29.2 the protocol to be used for the electronic discovery including electronically stored information

29.3 the type and extent of the electronically stored information that is to be discovered and

29.4 whether electronically stored information is to be discovered on an agreed without prejudice basis

29.4.1 without the need to go through the information in detail to categorise it into privileged and non-privileged information and

29.4.2 without prejudice to an entitlement to subsequently claim privilege over any information that has been discovered and is claimed to be privileged under s 118 and/or s119 of the Evidence Act 1995 and/or at common law.

30. At any hearing relating to discovery (including its form and extent), the Court expects practitioners to have:

- 30.1 ascertained the probable extent of discoverable documents
- 30.2 conferred with their opponents about any issues concerning the preservation and production of discoverable documents including electronically stored information
- 30.3 given notice to their opponents of any problems reasonably expected to arise in connection with the discovery of electronically stored information, including difficulty in the recovery of deleted or lost data
- 30.4 given consideration to and conferred in relation to the particular issues involved in the collection, retention and protection of electronically stored information, including:
 - 30.4.1 whether the burden and cost involved in discovering a particular document or class of documents is justified having regard to the cost of accessing the document or class of documents and the importance or likely importance of the document or class of documents to the proceedings
 - 30.4.2 whether particular software or other supporting resources may be required to access electronically stored information
 - 30.4.3 the manner in which documents are to be electronically formatted so that the integrity of the documents is protected
 - 30.4.4 whether particular documents need to be discovered in hard copy form (such as original documents or documents larger than A3 in size)
 - 30.4.5 how privileged documents should be appropriately protected
- 30.5 given consideration to preparing and, if agreed, prepared a Joint Memorandum signed by the senior practitioners who attended the discovery meeting (and who are to attend the discovery hearing) identifying:
 - 30.5.1 areas of agreement on proposed discovery
 - 30.5.2 areas of disagreement with a brief statement of the reasons therefore and
 - 30.5.3 respective best estimates of the cost of discovery.

31. The Court will make orders for discovery having regard to the overriding purpose of the just, quick and cheap resolution of the disputes between the parties.

32. For the purposes of ensuring that the most cost efficient method of discovery is adopted by the parties, on the application of any party or of its own motion, the Court may limit the amount of costs of discovery that are able to be recovered by any party.

Evidence

33. With the exception of evidence in support of interlocutory applications, the former practice of filing evidence as case preparation occurs is to cease. Timetables for case preparation should include provision for the serving of evidence on the other parties but not filing it with the Court. Evidence to be

relied upon at trial will only be filed with the Court at the time provided for in the Usual Order for Hearing.

34. Evidence to be relied upon in support of interlocutory applications is to be served on the other parties and filed with the Court. Timetables for preparation of such applications should include provision for that process.

35. The former practice of annexing or exhibiting documents to affidavits or statements will only be permitted in interlocutory applications and otherwise with the leave of the Court or pursuant to agreement between the parties.

36. In the preparation of evidence to be relied upon at trial any documents referred to in any statement or affidavit are to be placed into the proposed Court Book in chronological order.

37. Subject to an order of the Court or unless otherwise agreed between the parties, the Proposed Court Book is to be established in electronic form.

38. Prior to the preparation of a timetable for the serving of evidence the parties are to agree on the manner in which the electronic form of Court Book (the Electronic Court Book) is to be established including, where it is to be established; which party/parties (or third party) will manage it and its format. Such agreement should be recorded in the Short Minutes of Order for the preparation of the evidence in the proceedings.

39. The Electronic Court Book is to be produced at trial. A hard copy of only those parts of the Electronic Court Book that will be essential for the Court to consider in determining the dispute between the parties is also to be produced at trial.

Orders for reference

40. Consideration should be given throughout the course of proceedings as to whether any questions are appropriate for referral to a referee for inquiry and report.

41. Where questions are appropriate to be referred to a referee for inquiry and report, the parties should:

41.1 formulate the questions with precision and

41.2 inform the Court of:

41.2.1 the identity of an agreed referee or, if no agreement can be reached, the referee each suggests

41.2.2 the date on which the referee can commence the reference

41.2.3 the expected duration of the reference and

41.2.4 the anticipated date for delivery of the report.

42. An order made for reference to a referee for inquiry and report will normally be in the form of the Usual Order for Reference set out in Annexure 2.

43. Consent Orders for amendment to the matters referred to the Referee in

the Schedule to the Usual Order for Reference may be filed with the List Judge's Associate in writing for the making of such order in Chambers. Any contested amendments are to be heard in the Motions List on Fridays.

Representation

44. Each party not appearing in person shall be represented at any directions hearing by a barrister or a solicitor familiar with the subject matter of the proceedings and with instructions sufficient to enable all appropriate orders and directions to be made.

45. Practitioners should have communicated prior to the directions hearing with a view to agreement on directions to propose to the Court and preparation of short minutes recording the directions.

Urgent applications and liberty to apply

46. A party seeking ex parte or urgent orders or directions prior to the commencement of proceedings or in the course of the proceedings should telephone the Commercial List Judge's Associate, who will advise the party of the Judge to whom application should be made.

47. Parties have general liberty to apply and may cause proceedings to be listed at a directions hearing prior to a specified future directions hearing. A party seeking to do so should make prior arrangement with, or give appropriate notice to, any other party, and should send a fax to the List Judge's Associate who will advise the date for listing.

Listing for hearing

48. Where the whole, or any part, of the proceedings is/are to be heard by the Court, a date for hearing may be fixed prior to completion of interlocutory steps.

49. Proceedings will be fixed for hearing during a directions hearing in the Lists on Friday at which time the Court should be provided with a realistic estimate of the hearing time required and where there is to be an application for a stopwatch hearing, paragraphs 50 to 53 are applicable. Upon fixing a date for hearing the Court will normally direct that the Usual Order for Hearing set out in Annexure 3 shall apply, with or without modification.

Stopwatch Hearings

50. An option for matters that are heard by the Court and/or referred to Referees is the stopwatch method of trial or reference hearing. In advance of the trial or reference, the Court will make orders in respect of the estimated length of the trial or reference and the amount of time each party is permitted to utilise. The orders will allocate blocks of time to the aspects of the respective cases for examination in chief, cross-examination, re-examination and submissions. If it is in the interests of justice, the allocation of time will be adjusted by the Court or the Referee to accommodate developments in the trial or reference.

51. This method of hearing is aimed at achieving a more cost effective

resolution of the real issues between the parties. It will require more intensive planning by counsel and solicitors prior to trial including conferring with opposing solicitors and counsel to ascertain estimates of time for cross-examination of witnesses and submissions to be built in to the estimate for hearing.

52. Any party wishing to have a stopwatch hearing must notify the other party/parties in writing prior to the matter being set down for hearing or reference out. At the time the matter is set down for hearing or referred out to a Referee it is expected that solicitors or counsel briefed on hearing will be able to advise the Court:

52.1 whether there is consent to a stopwatch hearing and

52.2 if there is no consent, the reasons why there should not be a stopwatch hearing.

53. If there is consent to a stopwatch hearing counsel and/or solicitors must be in a position to advise the Court of:

53.1 the joint estimate of the time for the hearing of the matter and

53.2 the way in which the time is to be allocated to each party and for what aspect of the case.

Experts

54. The use of a single expert or a Court Appointed Expert and/or the concurrent evidence of experts is encouraged in suitable cases. The parties are to confer as early as practicable with a view to reaching agreement as to whether the use of such an expert or the concurrent evidence of experts is appropriate and, if agreed, the inclusion of such appointment and/or adoption of concurrent evidence should be accommodated in the timetable for the preparation for hearing.

55. Where experts' reports have been or are to be served (whether or not pursuant to an order or direction of the Court) the Court will, unless otherwise persuaded, direct, upon such terms as it thinks fit, that the parties cause the experts or some of them to confer with a view to identification of and a proper understanding of any points of difference between them and the reasons therefore and a narrowing of such points of difference. The Court may, at the same time or subsequently, direct that the parties and/or the experts prepare an agreed statement of the points of agreement, and of difference remaining, between experts following such conference and the reasons therefore (see Schedule 7 of the UCPR).

Proportionate Liability

56. Any party in proceedings involving an apportionable claim, who has reasonable grounds to believe that a particular person may be a concurrent wrongdoer in relation to the claim(s) must, as soon as practicable, give written notice to all other parties to the proceedings of:

56.1 the identity of that person and

56.2 the alleged circumstances that may make that person a concurrent wrongdoer.

Costs

57. Unless otherwise ordered, a party in whose favour an order for costs is made may proceed to assessment of such costs forthwith.

58. The cost of unnecessary photocopying and assembly of documents is unacceptable. It is incumbent on the lawyers for the parties to carefully consider the documents necessary to be included in the tender bundle. Excessive documents may attract adverse costs orders.

Mediation

59. The parties should be aware of the provisions of Part 4 of the CPA and relevant parts of the UCPR relating to mediation.

60. It is expected that prior to the commencement of proceedings in the Lists, the parties will have considered referral of their disputes to mediation. It is also expected that the lawyers, or the litigant if not legally represented, will be in a position to advise the Court on the first return date of the Summons whether:

60.1 the parties have attempted mediation and

60.2 their respective clients are willing to proceed to mediation at an appropriate time.

61. If a matter is referred to mediation by consent and/or by an order pursuant to the section 26 of the CPA, the parties are to ensure that the person(s) who is (are) able to make a decision as to whether the matter settles is present personally or by authorised nominee(s) at the mediation.

Summary judgment

62. As a general rule applications to strike out or for summary judgment will not be entertained. Sometimes applications are appropriate, but Practitioners should expect strictness in declining to entertain such applications.

Use of technology

63. The use is encouraged, where appropriate, of technology permitting the taking of evidence in, or other conduct of, proceedings by video link or conference telephone and the management of documents and transcript. Practitioners should propose the use of such technology when appropriate, and the Court may give directions involving its use: for example, in major cases with a view to statements, documents and transcript being available to all concerned on a common data base.

Documents –Court Book

7. In preparing evidence for trial the plaintiff/cross-claimant is to place into the Electronic Court Book in chronological order all documents referred to in any affidavit or statement proposed to be relied upon at trial.
